Station BELLARY. *Dated the* 6th. August 1930.

From (Name) M.R.Ry., N. Narayana Rao Garu, B.A., B.L.,

(Designation) Chairman, Municipal Council,

To The Secretary to the Government of Madras,

Local Self Government - Department.

MADRAS.

Sir,

¶ 3 infra

The Sanitary Engineer's letter above referred to (copy of which is herein enclosed) shows that in his opinion the proposed connection to the Cosmopolitan Club is not covered by G.O. No. MS 557 P.H. dated 12-3-30 but is in the nature of a house connection intended for the consumption and use of innmates of hotels, boarding houses etc. as per section 131(3)C of Act V of 1920. He has also suggested therein that the matter be referred to the Government for orders in the absence of approved byelaws for house connections. The Council has approved bye-laws on the subject(vide Resolution of Standing Committee enclosed)

¶ 5 infra

19/8/30

2. The Executive Engineer has in his letter No. 5722 of 27-7-28 suggested to give water supply connection to each Government Office. (Copy of the above is enclosed) and the Water Works Standing Committee in its Resolution No. 6 of 19-10-28 has sanctioned house service connections in the case of the Collector's Office, District Judge's Court, General Hospital, Central Jail and lately the Victoria Gosha Women's and Children's Hospital has been given connection. (Copy of the resolution is herein enclosed).

3. The Cosmopolitan Club is a registered body and has on its rolls 145 members including officials, nonofficials (i.e) Vakils, Merchants, Pensioners etc. Amongst the officials the Judge and the Collector have been members. It has a permanent building of its own, situated in a very prominent place on the Bangalore Road, to the south of the District Judge's Court. The building has an extensive compound and is resorted to every day by a very large number of people. One of its members Mr. Rao-Sahib J. Papaiah Chetty has donated Rs.500/- for the present, towards the specific purpose of a fountain and the Club has got from Calcutta an ornamental Bronzed fountain at a cost of Rs. 420/- and the donor is willing to pay more if necessary. The erection of a fountain, in the Cosmopolitan Club, will add to the beauty of the town and enhance the usefulnes of the locality. Any water that may be utilised by the Club, will be paid for, as the connection will be metered. This will be the second fountain at Bellary, the first being in the Goschen park, below the Water Works Reservoir. The usefulness of the same is witnessed by the throngs of people assembling every evening round it.

I request the Government to kindly treat this as a special case, and permit the Council to give the connection.

(Copy of the Water Works Standing Committee Sanctioning the connection is herewith sent)

Narayana Rao

Chairman, M.C.

Copy of the letter of the Sanitary Engineer to Government of Madras, ~~dated~~ No. 1513 M - dated 29 - 7 - 30; to the Chairman, Municipal Council, Bellary.

Subject.

Public Fountain - Cosmopolitan Club- Bellary.

The proposed connection to the Cosmopolitan Club, is not covered by G.O.No. MS. 557 P.H. dated 12-3-1930, which provides specifically for water supply to churches, temples, mosques and chatrams. It is in the nature of a house connection intended "for the consumption and use of inmates of hotels, boarding houses and the like" (vide section 131-(3) c of the District Municipalities Act of 1920). I have no authority to sanction the grant of house connections. You may therefore address Government in the matter, in the absence of approved by-laws e-- for house connections at Bellary.

(sd) J.S.Westerdale

Copy of the letter of the Executive Engineer, Bellary, No. 5722 dated 27-7-1928, to the Chairman, Municipal Council, Bellary.

I have to draw your attention to the fact that there is not a single fountain in Cutchery street; the several public Offices along this road pay heavy water taxes. May I know if you have any objection, to a fountain being erected in a central point in Cutchery Street so as to serve the offices there. If you have any objection I shall be glad if you will be so good as to let me know your objection.

It would be better if house connections are given to each office as recommended by the Sanitary Engineer i.e., one fountain to each office.

Subject

Water Supply - Bellary M.C. Provision of a fountain in the Cosmopolitan club

pp 1 to 2 of

Please see the letter from the C.M.C. Bellary in which he requests sanction of Govt for granting a fountain Connection to the Cosmopolitan Club. In G.O No 557 P.A dt 12.3.32 the Govt have given permission to the M.C. to grant house connections to Churches temples, mosques and Chatrams subject to certain conditions - Vide pp 6-7 of G.O No 557 P.A/32 the Secy. Engr in this Connection states that if the fountain Connection is to be granted, it will be in the nature of a house connection intended for the consumption and use of inmates of hotels, boarding houses and the like - Vide Sec 113.1 (3)(c)(f) The M.D.M. Act 1920 -

It is submitted that under Sub-section (1) of Sec 131 of the Act the Chairman himself is competent to grant house connections in accordance with the bylaws which the Council might have adopted and the Govt have confirmed. But it is submitted that the Council has not adopted any bylaws in regard to house connections. The Chairman's statement that the council had adopted bylaws in the subject is not correct as the bylaws approved by the Council do not relate to house connections. But in the circumstances stated by the Secy Chairman it is submitted for orders whether the connection to the Cosmopolitan Club may be granted as a special case subject to the conditions laid down in Lr No 557 P.H. dt 12.3.30.

Vide p5 of F Sec M 370 P H 11.2.28 (Q)

(M)

Have we sanctioned similar proposals in other cases? Upto put up.

2. Have we paper about the Gorchen Park fountain?

3. What about the supply of water to the flat buildings

AS

15m 29/8

29/8

A S2

With reg. to the query in para 1 of A S2 note above, it is submitted that House Connections have been granted to certain clubs in the case of the Coimbatore M.C.L. (Vide para 72 of G.O No 9 P.H. dt 3-1-30).

CC

2. As regards para 2 of the note by A2 it is submitted that there are no papers relating to the Goschen Park Fountain.

3. As regards the supply of water to Govt. Buildings, please see G.O No 2034 P.H. dt 15-10-29 in which one of the conditions to be imposed on local bodies when sanctioning grants for water supply schemes is that they should agree to supply water to Govt Buildings etc. ~~The proposal of the E. Engineer may therefore be approved.~~ The Chairman has not asked for orders now on the proposal to grant house-Connections to the Govt buildings. The proposal has been approved so far only by the Standing Committee. It is presumed the Chairman will address the Govt separately in the matter.

B

Docket G.O No 2034 P.H. 15.10.29

Noted 8-9-30

The proposed connection may be allowed.

2 As this is the first case of a house connection, the Council will have to grant a free allowance of water & can charge only for the excess. Vide Appendix F

ICS
Rly

HS

Before sanctioning the proposal to supply water to the Cosmopolitan Club, the Secy may be requested to state as it is submitted for orders whether

what conditions the connection may be granted, what quantity may be fixed as free allowance and at what rate the excess Consumption may be charged or whether the same conditions as those laid down in G. o No 557 P.H.d 12-3-30 may be considered to be sufficient. In the latter case a draft order is submitted for approval.

Not necy. The Chairman evidently wanted to bring this under G.O. 557 P.H.d 12-3-30 (M)
ICS
